

Your gift can change the life of a student!

Dear Friends and Family,

This year has taught us many things about the incredible strength of our community and the ability to overcome challenges. This year has also reinforced the value of an education and the healing properties of art.

That is why we've partnered with *Monterey County Gives!* to support local students in need with scholarships to study creative fields in college. With countless families living below the poverty line in Monterey County alone, your support can change lives.

Just ask one of last year's scholarship recipients, Mariah Trinity, Marina High School Class of 2020, who is studying film at UC Berkeley this year. "I never thought I'd have the opportunity to do that and part of it is thanks to you."

We are so grateful for the many community members who have made generous donations during a difficult year, but we still need your help to reach our goal.

Join us in supporting more students than ever this year with college arts scholarships. Every dollar raised goes directly to supporting local students in need.

Donate

Again, thank you so much to those who have already [given!](#) Your support this year means the world to us and our scholarship recipients.

Warm Regards,

Jacquie

Jacquie Atchison,
Executive Director
