

Dear Friend of the Arts,

I'm so excited to announce that we are seeing a substantial increase in arts programming in our local schools for this next school year! So much, in fact, that we need to hire more teaching artists - visual and performing artists. If you or someone you know might be interested, please contact us to discuss further.

And if your child's school is not providing enough arts classes, we can help with that also! Send us an email at info@arts4mc.org.

Wishing you a wonderful weekend!

Jacquie

Arts Education is on the ballot this November!

The Arts and Music in Schools measure has officially qualified for the California ballot this November! The proposition, which would dedicate up to \$900 million a year in state funding to arts and music education in public schools.

The bulk of the money would go to hiring teachers and aides, and in addition to traditional visual and performing arts, there would be instruction in computer graphics, animation and coding.
