### Support the future generation

---

Dear Friends of the Arts,

For our Professional Artists in the Schools program, it's all about the children - their class experience results in a positive outcome on each and every child's life. The arts cultivate young imaginations and facilitates success in school by enhancing students academic achievement in multiple subject areas.

Students involved in the arts have tremendous academic benefits compared to students without exposure to the arts. It helps students by:

- Increasing motivation
- Improving attitudes and attendance
- Improving academic performance

Additionally, our programs provide a safe space for children to process complex emotions and feelings as a result of the pandemic in a safe, structured space. Make a donation to support local students!

Join me in supporting our arts education programs with a donation today!

With gratitude,

Jacquie Atchison  
Executive Director  
831-622-9060 x104
